

REGULATIONS FOR UTILITIES SERVICE
City of Orangeburg

Permit application to the **Building Inspection Office**

Application for Service- Made to the **Department of Public Utilities** to allow for the location of points of service for the utilities. (Gas, Water, Sewer or electric)

Once the permit has been issued a **Utilities Connection Order** will be issued by the **Building Inspection Department** as follows.

A. Temporary Saw Pole - Will require a **Connection Order**. Once the saw pole has been inspected and approved by the **Building Inspection Department**. The meter can will be tagged with a release number to correspond with the number on the Connection Order. A copy of the connection order will be forwarded to **DPU**.

B. Temporary-Permanent Power- Will require a **Connection Order**. After approval as well as a completed application for temporary power, the meter can will be tagged with a release number to correspond with the number on the Connection Order. A copy of the Order will be forwarded to **DPU**.

C. Permanent-Power- Will require a **Connection Order**. After final inspection the meter can will be tagged with a release number to correspond with the number on the Connection Order. A copy of the Order will be forwarded to **DPU**.

D. Service Upgrade- Request for disconnect will be made to **DPU**. A permit will be required and should be obtained ahead of time. Upon approval by the **Building Inspection Department**, the meter can will be tagged with a release number to correspond with a number on the Connection Order. A copy of the Connection Order will be forwarded to **DPU**. This release number may be called in to **DPU** if necessary.

Emergency Service- In the event of an emergency, request for power, to be disconnected or reconnected should be made to **DPU** and a Permit and inspection will be applied for on the next business day with the **Building Inspection Department**.
